What is Franchise System of Waste Collection?
- A model whereby a successful tenderer, in this case, Sifa Cleaning and Bins Services, is awarded a definite and exclusive contract to provide a waste collection & transportation in the set area.

Why Franchise System of Waste Collection?
- In order to address:
- Multiple waste collection companies operate in a same area
  - Inefficient waste collection services
  - Lack of accountability and transparency
- Inconsistent waste collection
- Unstandardized charge
- Illegal dumping & un-swept streets in target area
- Mixed waste collection

Benefits for Residents
- Standard services
  - Consistent & on-time collection
  - Hygienic collection
- Standard waste charge
- Clean & healthy environment
- More secure, accountable & transparent model
- Conservation of natural resources through recycling
