

Day3

Title : 3. Interim Report and Action Plan towards TICAD VII

(1) Report of the 1st Year Activities and the Latest Action Plan of ACCP toward TICAD VII

Speaker :

Mr. Sei Kondo, ACCP Secretariat/Director of Environmental Management Group, Global Environment Department, JICA

Summary

The presentation was the summaries on the first year activities and the second year plan of the ACCP.

In the first year, in order to set up the foundation, the ACCP secretariat was established tentatively in JICA head office in Tokyo, and the action plan was formulated. Outreach activities were conducted to disseminate ACCP, and this 1st annual meeting/seminars was held in Morocco. Other concrete activities include pilot study on SDGs monitoring in Nigeria, training program in Yokohama, survey on SWM data (field survey and web-based), and dispatch emergency mission for landfill accident in Mozambique. As a result, in the 1st year, tangible outcomes are appeared such as knowledge-sharing and networking have been promoted, SWM data in Africa started to collect, the number of member countries/cities increased, private companies also joined the activities of ACCP, and initiatives by African countries has been promoted.

In the second year, a training program for English-speaking countries in Yokohama, Japan and a study tour/workshop on semi-aerobic landfills in Kiambu, Kenya (to be decided) will be held in 2018, and a training program for French-speaking countries in Yokohama and the 2nd Annual Knowledge-Sharing Seminar/Meeting and the Side event at TICAD VII Meeting in Yokohama will be held in 2019. In addition, African Waste Management Databook and Guidebook on Public Awareness Activities will be prepared to present at the side event at TICAD VII. The presenter also reminded participants the long-term roadmap of ACCP, which the target year is 2030 as same as SDGs target year, and encouraged participants to take concrete actions in each countries and cities for achieving the goal of ACCP.
